* Standard-Tariff

Features:

- Overview of all systems in the market
- Identical systems (construction)
- Information on
 - Basic data/features
 - Copier, printer, scanner, fax specifications
 - Paper management
 - Output/finishing
 - Memory
 - Network/interfaces, fonts/languages
 - Prices unit
 - Prices options/accessories
 - Search database for specific categories
 - Product filters

- Access to the archived systems
- Weekly email info on all market changes

**Professional Tariff – incl. Standard Tariff

Additional Features:

- + Creation of comparison charts of all technical data and click charges, products/options/accessories
- + Prices consumables
- + Lifecycle consumables
- + Energy calculator
- + Energy comparisons
- + Click charges

***Premium Tariff – incl. Prof. Tariff

Additional Features:

- + Database on business Inkjet systems
- + Creation of comparison charts of laser and inkjet systems
- + detailed environmental and emission values
- + Evaluation and ranking of price/performance...

*Standard Tariff Schneider List

Features:

- Unit residual value for MFP, copy. Print and Facsimile systems
- Detailed search capability according to given system criteria
- Weekly email information on all price changes for units in the market
- Monthly update of unit residual value by our editorial team

* Ranking Table

The example ranking table shown above, is based on the price/performance evaluation of MFP systems, listed according to the given product segment. To evaluate the unit ranking within this segment, INFOMARKT gathered information on the following characteristics in order to evaluate the units according

Rating Examples Laser Systems Performance Class 2.2	
Brand	Product
